Thread: [\[REVIEW\] CS:GO HERO - E-Book Review - The Worst eBook EVER. Pretty Much A Scam](#)

True Money - July 7, 2017, 12:30 pm

Before you ask yes I am using a very similar format to Mr. Reviewer

Who am I?

Spoiler [\(Click to View\)](#) Irrelevant user who got scammed for ebooks back in 2011, I don't want you guys to get scammed (old account, not multi)

Are my reviews genuine?

Spoiler [\(Click to View\)](#) Yes. I will provide proof of purchase and anything else needed. My reviews are also un-biased, if it's a good ebook I'll say so.

Onto the review:

[NEVER BEFORE SEEN] >>> CS:GO HERO <<< LEARN HOW TO GET CS:GO SKINS | UNIQUE

| <https://hackforums.net/showthread.php?tid=5266312>

About the seller:

Spoiler [\(Click to View\)](#) He provides a few vouches from many users, lots of who are banned. There is no solid proof the skins shown were earned from the method... 1/5

Promises:

Spoiler [\(Click to View\)](#) Proofs show people earning \$\$\$ worth of skins quickly. He says it's noob friendly, Autopilot, Not saturated, Easy to setup, works worldwide. It was easy to purchase via the rocketr link but that says nothing about the ebook.

Methods:

Method #1

Investment Required: \$0

Method Description: This method is so God awful bad. It is so public and so saturated that you won't earn a dime from it. I cannot believe this trash. He should be banned for this. It is literally e-whoring for CSGO with no advice or anything.

Overall:

Spoiler [\(Click to View\)](#) This ebook is very bad. There is such a slim chance of seeing any money after hours of work. He also goes back on his promises saying that it is "Not saturated".

1/5 - Complete trash, so awfully bad.

Tried warning people.

I had no idea you made a review on this already. I bought it with the same purchase. Everyone should stay A MILE away from this scammer.

Purple Kief - July 7, 2017, 12:34 pm

You can't review something properly if you feel scammed.

Most important part of being part of the reviewing crew is that you are un-biased which usually means you have 0 experience with it and had it offered to you for review.

Thank you for your opinion though. Hope it helps some people.

Riyu - July 7, 2017, 12:35 pm

This isn't really a review tbh, you're sales trashing.

Compulsive - July 7, 2017, 12:37 pm

Thank you for spending money in order to be seen.

If you want to be seen however, make quality reviews. Do not have a motive just to get into a group, for what my guess is, more methods to use. Mr. Reviewer has a very keen eye and he will choose people. You will not become a reviewer if your sole motive is to not better the marketplace.

As for the review, thank you for informing us. However, this seems to be biased. If you want to review, you should be 100% unbiased.

How is it. I tried reviewing it but its that bad that the was result. What exactly do you want me to change?

wilu - July 7, 2017, 12:39 pm

Almost every CSGO money making method is a rip-off. If there was a real one it wouldn't be sold for under 25\$ so it could be saturated in a few days.

Mr. Reviewer - July 7, 2017, 12:39 pm

I have it too.

I can't really tell much about Vyrez. Two people so far disappointed by his ebook that released a review.Happeh made a review too before I could get in. Hope to see more from you, Samurai.

If you tell people not to purchase, it's sales trashing.

Why are people trying to copy Mr. Reviewer? What's in it for all of you guys?

I'm guessing people want free methods. The other reviewers that were picked by Mr. Reviewer actually do want to better the marketplace.

I'm not doing it for free methods....

Varane - July 7, 2017, 2:29 pm

This isn't a review if you have not tried the methods out but instead just sales trashed.

minimalist - July 7, 2017, 3:10 pm

Reviews need to review the method. You've only sales trashed and you've given no evidence to support your claims.
