Thread: [Yo. Who the fuck is on a Sprint Hotspot fuckin up my Trust scan? lmao](#)

**Leroy Jethro Gibbs** - July 8, 2017, 8:02 am

I was bored so I went to check my shit.

Dafuq man. I thought my ass being in B.F.E. would prevent me from meeting someone else on the same IP lol.

My IP shows its from Houston, Tx even though I'm a good ways away. Curious though if anyone lives in Houston, Tx or away from Houston, Tx that is also using a hotspot atm. Or at least looking at HF on your phone. The network would have to be Sprint/Boost/Virgin.

EDIT: This sumbish torrented Young Thug - Codeine & Caviar Gold as well.

EDIT 2: Sumbish back at it again.

Ha!! I'm from Houston TX, the cypress area. But right now I'm temporarily in Romania

**'Axion** - July 8, 2017, 8:08 am

It's been good knowing you, Omni will handle this :Hehe:.

**SIM-1729678** - July 8, 2017, 8:08 am

Hotspot, mobile data, millions use it. Problem found.

**Riyu** - July 8, 2017, 8:08 am

Always knew you were a multi. You smelled like one.

Dafuq. Wait, like VPN in Romania or like physically sitting your ass down in Romania?

He won't do anything to me lol. There's no reason too. I am curious however, does the Trust Scan include older IP's that were used to login to your account as well. Since my hotspot is dynamic it would rotate them and possibly someone else would get assigned the IP.

I was just curious if anyone from my neck of the woods actually came on here.

You guys do realize that IP matches aren't cause enough for Omni to Ban or RKO someone right?

I'm physically sitting in Romania! But I'm from Houston TX.

**BR?ND?N** - July 8, 2017, 10:32 am

It would maybe be excusable if his music taste wasn't complete garbage.

**B?ker** - July 8, 2017, 10:36 am

Always knew ur a multi :P

I know, I was joking

**Dark GFX** - July 8, 2017, 11:14 am

lol just don't use hotspot?

NATO exercise? :) good luck bud'

**Cypical** - July 8, 2017, 11:20 am

Same happened here. Signed up on PureVPN with about 10 other users as well.

Got negged by like 10 members for it as well, when I pretty much did nothing wrong, and it didnt concern them either :/

Oh, 4 negs and 2 neutrals apparently for it equals 10.

Guess 4 or 6 of those must be invisible. We got ninja's on HF ???

Difference for me is I don't use a VPN when I get on HF most times. Literally the first time I've seen my shit matching tbh.

**Leroy Jethro Gibbs** - August 23, 2017, 5:27 am

Sumbish. I will find you. And I WILL KILL YOU.

Had my trustscan looking all sexy and shit and heeerrreeee you come up in this mothafucka fuckin shit up for meh. lol.

**Dredd** - August 23, 2017, 5:35 am

Nice cover up Leroy I always knew you was a multi!

**Lexy-** - August 23, 2017, 6:05 am

Seems like a coverup, OP. We're stopping you dead in your tracks, though.

**Marxist** - August 23, 2017, 6:11 am

I'm suprised mine only says I've used 1 unique IP. Because I'm constantly flipping between my VPN servers doing testing and I'm always on HF lol

HF makes me do a cpatcha everytime I do, too. lol

Also, no cover up here. Maybelline don't make makeup that good.

Guess you should've used L'Oréal Paris

**70s** - August 23, 2017, 7:29 am

Quite unlcuky op also someone help that man out with finding some good music
