Thread: [SteamSocial Beta V2 | Game Raffles | Custom Plugins | Feedback Needed](#)

Noisy - July 8, 2017, 9:00 pm

Hello,

A while ago i released SteamSocial which was running on the IPB forum software. Unfortunately the vision i had for SteamSocial was not able to come to life running that forum software.

We have just recently moved everything over to Mybb and have began development on new custom plugins & Theme.

URL

About SteamSocial

SteamSocial allows users to earn credits by simply posting & being active within the community. Credits can then be used to enter game raffles (Currently one going on) or purchase games from our store. Not only can you earn credits just by posting, but new ways are being introduced to make earning credits easier & fun!

Currently Features:

[P] = Planned [C] = Complete [IP] = In Progress

- [C] Game Raffle system (Enter raffles using your credits to win games)
- [P] Earn credits when joining the steam group & having the url in your name
- [P] Automatic game purchases using your credits
- [P] Upgraded membership allows you to earn more credits & further features
- [IP] Custom theme (Currently using free one until custom one completed)
- [P] Public Teamspeak 3 server
- [P] Custom games to win & earn credits

Please note we are currently in beta stage (v2) the site is not complete and is not official released. This thread is for suggestions & opinions to improve the site prior to launch.

Great choice you had done choosing MyBB as it has got great customization feature . Good Luck with it .

Nobelium Uranium - July 9, 2017, 7:53 am

Hm actually seems pretty interesting.

Thanks mate, IPB did work to an extent but to expand it how i wanted was not going to be worth the cost, where there are so many Mybb developers and the price for the is a lot cheaper & a lot more flexible.

Plenty of features planned,

j10max - July 10, 2017, 11:36 am

https would be a good idea to think of. If you're using a dedicated machine or VPS, look into LetsEncrypt.

SoulinPain - July 12, 2017, 9:43 am

Nice i looking forward for this keep it up

LANCE - July 12, 2017, 10:07 am

I'm to also looking forward to this. I don't know if I join but would deferentially like to see how this progress. Posting here to keep a eye on it.

Noisy - July 14, 2017, 9:34 am

Thanks for the comments. I do plan on adding SSL to the site :)

Shroomies_temp - July 18, 2017, 4:12 am

Vouch for this user. Paid me a lot to do vouch here (jk).

Sounds like you have some amazing plans for your forum. Loving the theme and overall vibe I instantly felt upon my visit. May have to register.
