Thread: [Xbox temp banned my account for spam?](#)

Splice - July 9, 2017, 9:31 pm

Got on a tag I don't get on much and it said it was temporary banned for spam. Made me put my phone number on the account to unban it. It also didn't have any messages sent out either. Anyone get this before ?

It's completely normal. If you don't sign in for a while, it does that.
