Thread: [Gary.'s Final Feedback | End of a Journey](#)

Gary - July 29, 2017, 1:58 pm

Final Feedback - End of a Journey

Its been a long 4 years on since I signed up on HackForums, its been a great journey. I've made a lot of friends and learned a lot. Now its time to leave for good.

Instead of giving a general site feedback about all the sections, I'll give feedback for individual members that I consider to be good friends, made an impact in my life, and just amazing members of the HF community I find cool.

The people who deserve the biggest recognition here is all the regular members that post quality content that go unrecognized. I just want to say I noticed a lot of you. Keep up the great work you guys. Don't let some of these UB3Rs and L33Ts talk you down. They're just salty assfucks.

UPDATE JULY 29TH, 2017: I do not like the direction this is going now so this was released a few months earlier than expected. Its obvious that Omni caters to people who have donated a lot of money, great example; Someone was on my phone and took a 6 month vac ban back in like 2014 or something and he told me to wait it out, meanwhile many other members who have donated a lot of money could just ban for 6 months and have that shit lifted within a few days.

My message to Omni: You're a cunt in my opinion. You killed your own site with all your negativity and dumb temper problems. Ain't nobody to blame but yourself for the downfall. You've been selling groups on the low that's why every group owner is either selling or has sold their group. What happened to your plans to sell the site on the low without members knowing? Or did that already happen and its just someone trying to be like you? Members here can suck your dick all they want and claim oh the isn't dying but in reality everyone off site will agree that this place is just a bigger shit hole compared to 2013. Fuck when I first joined I thought this place was cancerous as fuck. You personally didn't make my site journey better. Your members made you. Without them you're absolutely nobody, nothing but an old man with a bad temper. You treat everyone here who hasn't given you a large amount of money like shit. You've either closed or repfucked so many of my friends just cause you were in a pissed off mood cause of some other members PMs.

Basically what I'm saying is, instead of telling your members to go fuck themselves, why don't you?

Juicy-

- This dude right here, easily one of my greatest friends on here. You always took your time to help me out with stuff. I appreciate everything you've done for me.

LastSession

- I remember we had a contest on who could post more sketchy shit. Looks like you won that shit posting contest. I'll see on the other side friend. Hit me up on Discord ;)

Career

- I don't know how, but we ended up becoming friends. You always wondered if I ever slept, I'll

answer that now. I only sleep 3 to 5 hours if I haven't taken my meds, I have taken my meds I sleep around 8-10 hours. I see you're doing well in life going by the stuff you share on Facebook. Though you share some literally gay stuff at times lmao. You do have a cool first name though, first time I've seen it that wasn't to some school shooter white boy.

[Nobility™](#)

- Where have you gone man? I lost touch with you after I disappeared from the internet for a bit. What have you been up to? I miss you my dude. You were such an amazing person to me. I hope you're doing great. You know how to get in contact with me.

[Darkwin](#)

- I enjoyed every single conversation we've had. Didn't start talking to you till 2015. I'm happy I remembered you said you had a dealer license, I see you out there trying to help me find a car. I appreciate everything you've done here.

[AliveAgain](#)

- Of course the dude I went to High School with is gonna get a special shoutout. Looking forward to hanging out more once I get my car. Didn't even know you were on HF till like 2015 lmao. See you around on the streets :)

[ComponY](#)

- You're an extremely chill dude. I enjoyed talking to you on Legacy TS. I remember when you were gonna make a porno but backed out cause they wanted you to take some sketchy pills lol.

[Tony Stark](#)

- One of the members I met in the UMLs, extremely nice aussie man. Glad to see you're still active on the site. Keep up the good work dude.

[Werto](#)

- Cool dude, I remember when I met you, we would just send random messages about random stuff. Wish you were more active here now a days.

[Alien](#)

[Vegas](#)

- Super chill dude, those late night Skype calls while on Omegle lmao, good to keep up with you on Facebook.

[Viper The Rapper](#)

[Ratt](#)

- Just met you recently you gassy fuck. You're pretty cool, you have a good taste on cars my friend.

[Most Savage](#)

- Quit changing your fucking name you loser <3, one of my good friends I've known for a while. You need to get some perm accounts to talk from though. See you on the other side.

[Meow](#)

- You're the greatest dude I've met on here, I trust you a lot. Literally one of the kindest members and funniest members on this site. Plus you need to sleep on time, but I like how cause of your schedule you can be up while I'm up lmao :)

[Romania](#)

- Loser, but I like losers, so you're an okay guy in my opinion.

If you were in #GaryGang or Upgraded Members Lounge you hold a special place in my heart. You guys were the real OGs for me.

Sorry I couldn't include everyone, just too time consuming, all I can say is a lot of people I talked to were/are good friends. Don't be afraid to contact me. If you don't have any of my contact info I'm sure you can find someone in this feedback thread that does.

Thanks for the memories, stay golden boys and don't miss me too much. ?

Oh yeah, take this as a notice of my closure. I don't want my account to get compromised and someone going on a scamming spree. I could have easily sold my account if I really wanted but I care about the members on this site unlike you.

Ratt - July 29, 2017, 2:01 pm

Sad to see you go my Gary, thanks for the special shoutout, I will stay gassy for you.

Kill Joy - July 29, 2017, 2:03 pm

I like how the peaceful feedback turned sour real quick lol. Best of luck to you with whatever adventure you follow.

Ultimately it is Omni's site and he can do as he pleases. With that said, he seems to be more open minded and has been changing a lot of things recently. People can change, maybe you'll be back in a couple years to a new kind of HF.

@Views, I'm the one that told people you were a snake cause its a fact. Its also a fact that you're a multi. I've heard your voice back in 2013 but I just can't pinpoint what member it was. I personally think you should go fuck yourself. You got nothing going on for yourself. All you care about is HF statistics. Mans told me to buy a GA award to prove I have money? That's the most retarded thing ever. Get a life man. Seriously, I liked how you lied about your GF lying when you never had one. You're more of a cave dweller than me.

That fucking omni roast tho

Bluffer - July 29, 2017, 5:37 pm

Gary,

I've had mixed opinions of Omni throughout my stay on HF as well.

The thing is it's his site and if members don't like it, they need to leave as you are doing.

I respect that you've been as truthful as possible about your experience on here.

The one thing I don't understand is you said as of a week ago it was going to be peaceful, what has he done in the last week to make you say that about him that you wouldn't of a week ago?

Recently if you ask me I'd say Omni has changed for the better. He's listening to members more, he's added and planning to add features that members want even though he hates them (IE; HTTPS/ Notifications).

And he's also removed the repkill plugin recently because he knows how it's affected the community.

Cheers to you Gary, only member that I know is from Hongcouver.

_wind - July 29, 2017, 5:41 pm

Huge respect for you my man. Solid feedback thread and I wish you the best of luck outside HF.

Lukas - July 29, 2017, 6:38 pm

We've never formally introduced ourselves to one another, but that's fine. You talked shit about my egg-making technique which is part of the reason I had this sense of respect for you. A vast majority of the posts from you that I've witnessed have been trolls, you being a sarcastic asshole, but despite this, you somehow normally managed to use logic and made sense out of your banter.

I wish you only the best, Gary.

Although Gary is a friend, I kind of have to agree with this. Personally, I think that a lot of old members aren't going to like change; although, it will just attract new members to sign up and fill their spots. I don't think the forum is dying.

Pretty good rage-quit by Gary.

I'm not going to waste much time replying and defending my actions. OP is disgruntled. I get it. He doesn't like decisions and actions I've taken. He requested a closed account and he got it. Best of luck to him.

I'm not always a perfect human being or proud of the actions I take. I don't make claims that I'm the best admin ever or that everyone should love me. I don't claim to be fair either. HF is what it is and I'm the owner and that is what it is.
