"The administrator has banned your email address." What the heck? ?

I have an idea on how to complete the challenge but mister admin doesn't want me to continue. Unless you don't need an account to do it.

not work ?

you must find the exploit in site ?

Mr. Robot - July 19, 2017, 11:31 pm

Check the domain registry, 2 emails
paradize2c@hotmail.co.uk
yours_truely@hotmail.co.uk

Simply go to leakbase and find database entries, login to the hosting company - web-designerz.co.uk

Done.

lul
