Hey HF,

I'm looking to purchase \$100 worth of BTC, preev.com prices.

I've been with HF for four years now, and I have made many exchanges with PayPal.

My PayPal is fully verified and the most I can do is 12%

I'm only willing to go first if you are a trusted exchanger, and I'd like to get this done all in one transaction.

Thanks,
Growth ?
