Synopsis

Yuma and Hotaru have been friends since childhood, so it's only natural that when Yuma is nervous about her new boyfriend, she asks Hotaru for advice. But when Hotaru starts coming onto Yuma for what feels like more than just 'practice,' what does it mean...? With boyfriends in the foreground but a secret, passionate tryst in the background, will Yuma and Hotaru try to forget what happened between them or have they fallen into a trap of true love and betrayal?

I was a bit of an Anime fan when I was younger but have totally lost interest in it.

Just Anime forums that you might be interested in <https://sugoidesu.net> it's not mine but a friend. Hope you like it.

Another place for you to check out while your bored I suppose.

Only issue I really have is why the hell are the episodes so short?

Don't know, might have something to do with the manga (I have not read that) but still, it's pretty comfy.

DonDave - September 18, 2017, 4:44 am

Stashyy - September 18, 2017, 4:48 am

I did watch like 7 episodes but I just can't watch anime anymore

?

That's because people on MAL watch and judge an entire anime on just the first episode instead of growing a pair and watching it all before being able to grasp the overall concept ;/
