Awesome Spam service. Easy to troll newer streamers with.

It only sent around 20 spam messages, but Im assuming it comes with more if you actually pay for it.

Looks cool

EDIT: Got it and tested it.

Works PERFECTLY!

You can get some good reactions out of this, would definitely recommend this.

Vouch, 288 viewers and we did it! hahahahah

(Jul 11, 2017 11:35 PM)Wuss Wrote: [\[CITE\]](#) Just tested, had an error at first and almost 5 minutes after contacting the issue was resolved.

tested twice and it works great, definitely recommend to anyone that wants to mess with their friends &/or enemies ;)

(Jul 11, 2017 10:01 PM)Tree of Life Wrote: [\[CITE\]](#) I received a vouch copy from xna81425 for this Twitch spammer.

You just enter the username of the Twitch streamer you'd like to spam, your unique code provided by xna81425, and the message you'd like to spam in chat.

Messages are sent insanely quick and from a lot of accounts. It's definitely fun using this service to mess with the streamer and the viewers.

It works great and it's very easy to use.

I 100% recommend buying this if you'd like to have some fun spamming on Twitch!
