Thread: [E-WHORING GUIDE](#)

harsh - July 25, 2010, 11:17 pm

Quote:WHAT IS E-WHORING?

E-whoring is pretending to be a female to fool males to try hack them...or letting them join a specific website you are affiliated with,maybe you put it on craigslist...or even pay you money for a cam show.

Quote:HOW TO E-WHORE

OK..

first:

you should make an email...a female's email of course...u have to give you e-whoring a specific email and not confuse it with your normal activities

second:

WHO ARE YOU?...yes answer this question...give yourself an ID...a name...surname...date of birth...a family(you live alone or not, have brothers or sisters...their names...)....hobbies(things you like and dislike)...

third:

FIND YOUR GIRL...yes...find a girl with available pictures and videos...try not use a professional girl...you want to keep it real so people can believe you
its better if the girl you adopted for your character always update new pics and videos...maybe its one of your friends

forth:

SAVE EVERY THING all the information about you...you don't want any mistakes...keep them somewhere you can quickly access so you can go back to if you forgot any information asked about you

fifth:

make a facebook account...let your friends add you so it seems real...always update your status and stay active...you want people to believe you are real...comment on your friend's photos and topics...and always remember...you are a real person

Quote:START THE ACTION

start your e-whoring actions...add guys...probably they will add you there selves...have conversations with them...REPLY TO THEIR MESSAGES....and don't ignore any topic...i know you are an e-"WHORE"

but not everything you talk about should be whoring...

at this stage...you know the rest....BE CREATIVE...once they fall for you...you can ask for anything

Quote:HOW TO DEAL WITH PROBLEMS

it depends on the person..if the friends of this guy are also victims you might want to solve the problems your facing... other than that...BLOCK/DELETE him...you don't need any troubles

usually some might ask for proofs (when it comes to paying you)
remember you have videos....but still..what if they want to hear your voice....its easy...
ask for help from a female friend...let her answer a mobile call...or a call using Skype or Yahoo...if
you don't want to give a phone number
but remember to let the same friend answer to the same specific guy

Quote:DOES THIS WORK

YES... I've tried it my self... I've got millions of poker chips..money...even hacked victims(by social engineering) using this method

Quote:TIPS FOR YOU

-don't post in chat forums:"willing to cam for money" and stuff like that...it just doesn't seem real and most people wont fall to this anymore

-don't use many characters or else you will get confused between them and this leads to problems

-always ask for friend's help..this make it more possible for victims to believe (maybe ask a friend to pretend he's your bf but then you should manage to get pics of you together)...wait a minute...you can pretend that your bf is your real character's bf...this wa its easier to get pics together

-if you want to make another character....i suggest... terminate your first one before

Jamalp - July 26, 2010, 12:03 am

what do you suggest we type in the chat rooms when trying to find a guy instead of selling my pics for money and stuff?

HI..have a normal conversation....and usually guys will start to talk to you...so its not a problem for you....however.. don't start by offering your pics for money

I am planning on making a guide beyond a regular guide. hopefully it will get sticky. Going to put in information that no one else has yet. and combine everyone's post into one, so no one else will need to make another.

Sure: it sucked so i offered to make a half way decent one.

harsh - July 26, 2010, 10:50 am

mon3yexploit - July 26, 2010, 11:03 am

so aggressive over a thread on a forum; but wait if you didn't have me your thread would die. maybe you should do all of us a favor and throw this thread in the trash bin. no one will miss it.

harsh - July 26, 2010, 11:11 am

ok....how about not missing it on your own..and leave from here and stop flaming my thread

IllusionSlayer - July 26, 2010, 12:53 pm

I for one will not miss it. It is admittedly far below the quality of the others.

harsh - July 26, 2010, 1:42 pm

well i just shared my experience in e-whoring...and specified the steps i worked with...too bas you conider it below quality because its working great for me

IllusionSlayer - July 26, 2010, 6:23 pm

It works great for you because it's the same exact method others have posted.

It is below quality because the grammar sucks, there are no images, and there is little to no formatting. The formatting that is there is shoddy at best.

You've got to be kidding. There are TONS of guides on this forum for eWhoring. Also, please use correct spelling and grammar.

its....annoying....when...people....talk...like this. ..yeah..

Before he uses the "I didn't find and RECENT guides" defense:

Being recent doesn't matter unless some new law pops up that we should know about.

i continue to laugh, requesting this thread be locked it has died.

harsh - July 28, 2010, 8:47 am

/facepalm.

Please, calm down. You provoked him in the first place.

And as for the tutorial, the grammar isn't really good, but at least it's useful for beginners. IMHO, you should enlarge it.

Oh btw, if you need a e-whoring partner, I'll help you out.

And if you want, I can correct the grammar of your e-whore guide, and make it bigger. I'll pm you my MSN account, we'll talk soon enough.

harsh - July 28, 2010, 4:24 pm

and it would be useful if the guide was bigger
this one was just the experience i have in e-whoring...i know not much info in it

Good guide, you kind of mention the impossibles in there, if you're reffering to real life friends then they might think you're weird pretending to be a girl, just saying.

Also getting a girl to flirt with someone?Hard.

I have a girl who wants to do it for the money, but she is always with her boyfriend so it's hard shit.

Also make it more appealing, the guide.
