Who is excited for this week of games?

SippinAcid - July 16, 2017, 1:27 am

I'm excited to make some money. :P

Haven't watched CS:GO games for a while, pretty excited for these ones.

NurSpec - July 16, 2017, 1:31 am

Looking forward to it. What's everyone's pick-ems?

3-0 - SK Gaming 0-3 - Vega Squadron

C9,Astralis,North,FaZe,Fnatic,G2,Navi

Iffy on the North and Navi pick but the rest should be solid. Gonna be hard to get gold this major just like the last one.

Basically, as long as the stream is running you have a chance. I will be having the stream running 24/7 as I will be sleeping during the final matches of each day

I have 18€ on mousesport and like 20€ more because i bet on "HeatoN's picks", so i also really hope they dont fuck this up.

Not looking so good so I went and put a big bet on Fnatic to make back my parlay wager plus some. So now Hoping Fnatic dont fuck up

BillyBour - July 16, 2017, 3:14 am

put 250\$ on gambit.. betting on 365 its so easy to make money

Not gonna bet on fnatic myself, too high risk for such a low reward. Hoping flusha will do 3k on either of the pistol round and i'll get ez 96€.

...Probably won't happen though.

Salt peter - July 16, 2017, 7:43 am

Poor Vega, as a Vega fan I am disappointed, but not surprised. jR for sure deserves a better EU team. He's a great AWPPer without a huge contract. Maybe a NA team could use him. Maybe C9 or Optic.

I'm going to get hate for this, but on the second map, favelas had some sort of ESP on. It was just so obvious how Lucas toggled and they magically knew where the players were.

No love for the favelas. With the hackusations they have behind them, I don't trust a favela win.

Just to make it clear, I'm not a X fanboy. I don't like a specific team. I watch comp for fun and I root for everyone because I like it when people have a chance and are able to compete and when it's tense.

Pickem are the worst shit valve could have ever thought of.

It's just not worth it to use it. Better just gamble money on each game, you have more chances to make something that using valve's shit.

Gambit actually just knocked out Astralis.

This is madness.

It's just not worth it to use it. Better just gamble money on each game, you have more chances to make something that using valve's shit.

Think I'm done with them after this one honestly, it really isn't worth it.

The gambit game was 50-50 actually.

We've just made quite some money on the group betting on gambit. ?
It was also part of Astralis' mentality with this one. They beat sk and were expecting an easy run with Gambit.
They had that psychologist chick yesterday, now they didn't have her, so EZ MONEY :)

Tzuyu - July 22, 2017, 12:50 pm

Welp, rip silver trophy for pretty much everyone that chose VP or SK.

ohxerxe - July 22, 2017, 1:50 pm

I will end up getting bronze honestly dont even want it wish there was an option to not receive the trophy. I have only ever gotten silver or gold and I think they look the best

Bezo - July 22, 2017, 9:53 pm

LOL, the % of gold pickems has to be <1%. There's no way any more than 1% did that well lol.
RIP, I got just enough for bronze lmao.

I picked, SK, BIG, and NORTH, and all lost :D

25 for bronze, 50 for silver, and 75 for gold. You pretty much have to pick the winner for gold.

Really not looking great for Gambit either.

Nah, Immortals going to take this.
This major, even though it was so full of surprises made me quite a lot of money, so idgaf about the pickems ?

Fortunate - July 23, 2017, 9:00 am

I bought all of the stickers for pick'em and got only 3 right. This has been a crazy major with many

upsets.

B0Trun - July 23, 2017, 9:04 am

Immortals jus won the Cobblestone map :XD

Thornzzz - July 23, 2017, 11:30 am

Wow, Gambit wins their Major. That's crazy. But Immortal will be back for sure.

Tzuyu - July 23, 2017, 11:31 am

WP to Immortals, matches were intense. Immortals were coming back on Inferno but the H0bbit [clutch](#) destroyed their economy.

Stashyy - July 23, 2017, 11:32 am

:|

Didn't really want gambit to win.

Was cheering for Immortals through the whole thing but it's good to see them actually reach their first major and actually last through the whole thing.

Thornzzz - July 23, 2017, 11:45 am

Poor s1mple, finishes as #1 player in all the tournament only in 4 games.

Saltpeter - July 23, 2017, 2:59 pm

Glad Gambit was able to pull this one out. Zeus needed to finally get himself a major grand final win.
