(Aug 21, 2013 12:24 AM)?pth?n Wrote: [\[CITE\]](#) This is my original review for this e-book.

Note that I'm not a personal friend of the owner, nor I got paid or anything else for leaving this review.

Grammar ?????

The e-book is very well written and it seems that EvanC knows that correct grammar is very important for an e-book. He's also mentioning to report any mistakes right at the beginning. Nevertheless, his english is easy to follow.

Originality ?????

The e-book features plenty methods, and every of them should be worth a try! I've seen the same kind of PPD/CPA e-books getting sold on HF, but this is none of them. The methods are original and sound very promising.

It's not the simple "make a youtube video and put your link in it". In my opinion, one of these methods even sound like fun, but you have to invest a bit for this. Don't worry tho, you don't have to spend a penny to use most of the methods mentioned in this e-book!

Great methods, vouch!

Ease Of Use ?????

I wonder why anyone would have trouble using those methods.

They don't require any special skills, SEO, video making, coding or whatever else. Aslong as you got a working keyboard, mouse, computer and access to the internet, you will be fine!

Five stars, noone should have trouble using these methods.

Organization ?????

The methods are structured and I had no problems following this e-book.

However, I really suggest you adding a table of contents. Considering the huge volume of this book (53 pages), it would have saved me from trouble searching for some methods.

Overall ?????

Great, huge e-book! You'll get 53 pages full of methods on how to earn some money online. With a little bit of effort, these methods will result in some hard cash within no time.

If you are looking for some new money making methods, this e-book is for you!

EvanC has done a great job with this book,

Good luck with the sales ?

(Aug 22, 2013 04:52 AM)???????†? Wrote: [\[CITE\]](#) Before I begin my unofficial review, I want to say to the author that I am out of town and still out of town. So that is why I can't post my review before. I

apologize for that.

I received a vouch copy from the author [EvanC](#). So here is my short review.

=====

Title: EvanC's Suite

Author: [EvanC](#)

Pages: 53

Price: \$35

=====

There are five eBooks in one pack. The author combined all of his eBooks in one. These guides contained an impressive amount of information, explains in-depth each steps.

The implementation of almost every method itself is easy. The author describes very well, so the steps are well-explained and easy to follow.

The layout of this e-Book was good. The background is creamy color and the fonts are readable too.

The grammar of this e-book is fine. There are a few cases of misspelled words and incorrect word usage, but nothing that hurts the readability of the e-book.

These methods are original and I haven't see such methods before. The describes everything you need to know. I am sure you that if you follow every steps correctly written in this guide then you will damn sure earn a handsome money almost autopilot. These methods are WH, so you don't have to worry in future. I recommended to all who are interested in monetizing then you should buy this guide from the author.

I will post my proof of earning very soon and Good Luck With Sales

(Nov 7, 2013 04:10 PM)Sword Art Online Wrote: [\[CITE\]](#) Grammar 11/10 Grammer mistakes were non existent, I practicality read the eBook through at least 5 times and have come to the conclusion that not a single grammar mistake was found.

Ease Of Use 9/10[/b] As always, money consists of hard work, don't EVER buy an eBook thinking that you could make money without trying, everything I have done online till this day is because of hard work, if your not serious about making money, this is not the eBook for you, in fact don't buy an eBook at all.

Organization 10/10 The methods are very well constructed, noob friendly(Images), easy to read, and comprehend. Steps are given, as long as you follow it accordingly you will make money.

Overall 9/10 53 pages of absolute knowledge, this eBook is most certainly worth 35\$, cheers!

(Nov 5, 2013 10:15 PM)P?ter Wrote: [\[CITE\]](#) Hello Readers, My name is Peter and I will be reviewing "EvanC's eBook Suite". Please keep in mind this is my opinion and may vary upon the reader.

The eBook itself is amazing. The author goes into great depth to ensure that the buyer knows what the steps are to earning money online. I personally saw no faults what so ever within the book. The eBook consisted of steps and in-depth information that was accurate and concise. The methods themselves were well thought out. They weren't the same or similar as all three of them were unique and completely different from one another. So, if you don't like the 'taste' of one method then I can personally guarantee you will like another. I read the method in depth and it will definitely earn you money.

Rating: 10/10

The first method I have seen something like before, nothing public but it crossed my mind that it looked familiar and something I've tried. The other two methods I have never seen in my life, which ensure they are very unique. All methods were designed to work effectively and they still do. No doubt that the author knows how to make money and this ebook will show you how too.

Rating: 9/10

Comments: I would highly recommend everyone to purchase this ebook. One of the only ebooks I have seen that ACTUALLY works. Yes, this does require work and effort but the pay is almost guaranteed.

(Nov 6, 2013 09:20 AM)?Jake? Wrote: [\[CITE\]](#) Hey everyone, I'm Jake and I will be reviewing EvanC's eBook suite.

I just want everyone to know that this is my opinion, yours may vary. Anyway, I got this eBook last night and I have read it through a few times. To put it quite simply it's amazing, Evan goes into massive amounts of detail to ensure even the biggest of newbs (me) can understand the various steps to each method he provides. Throughout the eBook there are screenshots with almost every step, explaining exactly how to setup methods, which sites to use and how to use them and how to behave on them to get the most money and to keep your income both more sustainable and more substantial. When you read it you can just tell that alot of thought went into making it, this is not a rushed copy for him to make a quick buck. This is a carefully thought out collection of methods to teach other users like me or you the methods that he knows.

As I said before, the amount of detail that Evan goes into really does make all of the methods he shows you easy. This eBook provides everything that you would need to both start earning online and to keep said earning at a fairly constant level.

The layout is perfect, the fonts and colours used are easy on the eyes and the plethora of screenshots break up what could have ended up being a wall of text. To say its a 53 page eBook reading it is a pleasure, I didn't feel weary, bored or tired by the end of it. The way he breaks down something that would have been complicated into manageable small steps just makes it so much easier to understand, there's really no other way of saying it.

As for grammar. I think the best way to put it is by saying you will find more grammatical errors in my short review than you will in all 53 pages of his eBook, that's if you find any mistakes in there anyway. If there are any mistakes in there they will be so minor you either won't notice or even if you do, there's no way it will hinder your progress in understanding the information.

As for originality, I have only ever seen the second method before. But i have never seen it used the way Evan shows you. Even so im the method I knew is not public, nor is it saturated so you have nothing to worry about.

I'd urge anyone to buy this, regardless on whether your are a seasoned veteran of online monetizing or someone relatively new to the scene alike me. Regardless of your experience you have alot to gain here. This isn't one of those get rich quick on autopilot bullshit eBooks, it does require some work. But to get anything good in life you have to work for it. I will add proof of payment as soon as i can.

NOTE: This is an unofficial review and I am in no way affiliated with official Reviewers group.[/align]

(Aug 24, 2013 08:39 PM)Exsanguine Wrote: [\[CITE\]](#) Vouch for EvanC.

This ebook is all of the following:

Do-able ?

Easy to ready ?

Thorough ?

Shows many different methods ?

I would highly recommend this ebook! ANYONE can make money with this!

(Aug 17, 2013 02:39 AM)Blizzard Wrote: [\[CITE\]](#) From what I've observed from the eBook is that -

- 1) Quality of information is filled with fifty three pages where you can't get lost anywhere so it's pretty jam-packed.
- 2) Originality: Good original method's are provided. Some of the method I've seen but no detail information was there also a private twist is also added so to maximize the profit.
- 3) Screenshot's & Picture's added which is also give's you more support and makes everything clear.
- 4) Straight forward and also very interesting to read - eBook is written in a way which interest you and doesn't make you feel bored.
- 5) Layout - Simple layout with readable font. Not too much decorations. First page was decorated well though.

Overall, One of the best ebook here, Very much detailed and also he provides support if you go wrong anywhere.

I would recommend actually any any one, who is ready to sacrifice a bit of time to get their earnings.

-Blizzard.

 Spoiler [\(Click to View\)](#)

I'm not here to waste your time or money. This will make you money, everyone who has bought this has been very impressed and successful in online monetizing. This comes with lifetime support from me. I stand by my work and don't leave my customers stranded. Go ahead and look at other E-Books, but when you don't make a buck come back here in a few days to make real money.

If you wish to pay using a different way/or want to propose a trade PM me below. Along with PayPal, I also accept Amazon, Bitcoin, Payza, Xbox membership cards and Steam gifts.

 Spoiler [\(Click to View\)](#)

Is this blackhat?

Not even in the slightest. Everything is completely legal.

Does this work in any country?

Yes, this will work in any country.

How long does this Niche take to set up?

It only around an hour for setting up all of the methods. It maintains itself afterwords, you just have to check up on it when you see fit

Do I need any money to set it up?

Nope! All you need is this eBook, a computer with internet access and your brain!

Terms Of Service

- Spoiler ([Click to View](#))
1. After payment, you will not make any kind of chargeback. Doing so will result in a scam report being opened and your name on a blacklist.
 2. Re-distributing/leaking the eBook will result in a DMCA takedown notice, as well as a scam report being opened and your name on a blacklist.
 3. I reserve the right to refuse sale to any person.

[~ Click HERE to purchase PREMIUM edition of e-book ~](#)

T.O.S. - You will not chargeback for this eBook. Refunds will be given if you show proof that you have attempted said methods in EvanC's Money Machine, and you have not earned. You may not leak, share or distribute this eBook in anyway. Chargebacks will result with your support revoked, scam report, negative reputation and your name and UID on my blacklist.

Shopify+ - July 20, 2017, 7:53 am

No more vouch copies are being given out. Get this amazing method today!

I personally gain at least 5000 followers per day, sometimes as much as 10000-15000

-

I was just asked if this method uses Addmefast or anything similar, it does not - These are all 100% real people, no fakes/inactive accounts/anything like that.

Nutsy - July 20, 2017, 7:55 am

Can you gaurentee us gaining X followers

John F. Kennedy - July 20, 2017, 9:07 am

Sounds interesting. I'd love a vouch copy but you aren't giving anymore out. It's kind of weird how the premium version has less of a refund frame meanwhile it costs more? If anything it should be longer.

Aficionado - July 21, 2017, 11:28 am

Are you sure none of these methods are public?
(following,liking,pasting link on other sites, etc)

Shopify+ - July 25, 2017, 11:40 am

Hi all, been on holiday the last week so not had a chance to get back to everyone yet.

To answer your questions:

I can guarantee 5000 per day minimum if you follow the method correctly. After a few days it will keep rising - 6000, 7000, 8000 per day.

Yes, I am sure. I wrote this e-book myself and the method was not copied from anywhere. I have used it myself for years. It is none of the following: following,liking,pasting link on other sites, etc

MrKexl - July 25, 2017, 1:36 pm

Well I am interested. Can you show me a socialblade of your account and maybe verify it (so we know you own it) by typing HF, goals or Erin Chin in the bio?

Few more questions.

1. For instagram - Is it any means of follow and unfollow accounts (and it gives you like a couple followers each time).
2. How much time do I need to take out of my day to get about 500-1000 follower growth a day
3. Does this work for any niche? Or is it e-whoring only?

V?rt - July 26, 2017, 6:55 pm

Can you pm me some proofs of accounts and gains, I'll buy right after you do if so.

This method is public, I can list you right now multiple websites where you can find that exact same method, just not in ebook format. You basically just say a website/app/programm (wont say what) which one should use. Dissapointed to be honest.

Not trying to salestrash, but its the truth ...

If youre not into stuff like this, its definitely worth buying, but if you are alot around in that topic, then you propably wont need this, as you already know the method
