Thread: [Traffic Chat Rooms Links - Guranteed](#)

TeamEastSide - July 20, 2017, 3:24 pm

Every day or so i'll be dropping links for websites I use to make \$:

freecatnow(Sex Chat) - 800 - 1999 pedo's

E - Chat - (250 - 500) - Pedo's

All .coms by the way feel free to add to the list.

all your traffic sources that you will post here will get saturated so quickly that you will see more "ewhores" then customers in these chats in few days, lol...

but thanks for the links anyway

I tried e-chat yesterday just a few mins after you post this link - i was just one ewhore in a chat for more then hour.. still i get just timewasters so i decided to close the chat afterwards..

today i opened the chat again.. there was 200 people in a room and chatroom messages was full of messages like "selling pics, kik me: ..." , actually there was more ewhores then horny men (which r mostly not looking for pay for anything by the way) ..
