Hello and welcome to the TinyDongs recruitment page, here you will find out what we are all about.

--

TinyDongs are proud representatives for people with a "Small Package" in other words a tiny penis. We take pride in what we do and we bare no shame for having a tiny penis. I know that a lot of you people out there are in the same boat as us, so step up and claim the spotlight you deserve and have been wanting for so long. Having a small penis is nothing to be ashamed of, it's rather something special and unique, share it with everyone.
