Thread: [I have a confession to make](#)

Hi,

I'd like to say that I previously had an account in here and got banned because I was flaming at SRPP.

Here's my previous account: <https://hackforums.net/member.php?action=profile&uid=1347041>

I'd like to say I do NOT hold those views anymore and that was all posted when I was like 15-16 years old. I'm a changed man now. Moreover, I'm not even interested in SRPP anymore.

To anyone that remembers me, I'm sorry if I've hurt you back then. I did not do it intentionally.

I hope the staff will be able to forgive me and let me keep this account as I believe ban evading is against the rules.

Again, I'm sorry.

Why am I saying this? I'd like to upgrade my account and do deals in the currency exchange section(I wanna sell Bitcoins). I do not wanna come across as sketchy. Trust is something that I take very seriously.

If I get closed now, I'll take that as I do not belong in the community and will never return again. Hopefully, I get forgiven by the staff.

Probably won't work out well for you but welcome back anyhow!
