Does it look cool?

Does it look like if I'm a communist? (I'm not lol)

Shitty?

You don't give a fuck?

Let me know.

Stan, I don't know where you got that emoji, but it's fucking gay as fuck

Serious: It looks pretty good but imo another hand emoji would look better

6th Lux - July 22, 2017, 2:40 pm

It's kinda cool I guess.

Hell - July 22, 2017, 2:42 pm

Bro it is good. It's very unique too. But it doesn't go well with the usertitle

?De?dW?lker - July 22, 2017, 2:44 pm

After looking at it for about 20 seconds and realizing I just got cancer I figured something.

Bro fist?

Roytoy - July 22, 2017, 2:45 pm

It makes people hard to search you, and it doesn't look like an emoji.

Siciliano - July 22, 2017, 2:45 pm

How did you make that ? Tell us :D

Seaking - July 22, 2017, 2:49 pm

Eh it looks ok. Best hope you never need to recover your account. If I'm not mistaken you will not be helped if you have special characters or other things in with your username.

Charm ? - July 22, 2017, 2:56 pm

Welcome to the club mister. I was originally going to use the Sparkles emote.

snappari2 - July 22, 2017, 3:09 pm

I don't know why, but I've always hated names with special characters/emojis in them. Because of my bias against those kinds of usernames, I have to say it's terrible, but I'm sure other people think it looks dope.

Zens - *July 22, 2017, 10:45 pm*

looked cool for me, nice and good username. Cheers
