Thanks for the ebook OP, it's very informative!

monsterjam - July 27, 2017, 6:21 pm

Ok i read your ebook and this is common knowledge that we knew already and is not a secret. I do have an issue with the 6 figure a month you claim which is not true if you are buying at retail price and then reselling them. This does not work the 6 figure a month you claim. Maybe 5 - 10 sellers would make that out of the thousands.

If you know anything about economics and finance you are taking a lose in the mid and long run. You are playing with baby scrap here. This ebook should be taken as a "introduction to selling on amazon". I am not being harsh but stating my view on understand this business. If you gave your ebook to experts at Goldman Sachs, Merrill Lynch and so on they would have the same view as me.

If people here like or learned from the ebook then thats great. Keep up the good work.

Thank you for the feedback, This information in here I can bet you any amount you want 1/10 people don't know it at all. Most of the population knows nothing about selling on amazon. This is an introduction, I am going to be releasing a FULL IN DEPTH Ebook from knowing nothing to being an expert. Currently working on a expert version.
