Thread: [\[AUTOMATIC\] \[20 Minutes A DAY\] \[\\$20+ Daily\] Gold Farm Strategy \[SIDE MONEY\]](#)

Do you want to make extra cash (bitcoin or paypal) on the side? Do you enjoy video games? ?

I've developed a strategy that has resulted in a near-zero banrate and has been able to profit me as much as \$20 EASILY IN THE BACKGROUND ANY DAY I CHOOSE by using these steps.

Typically the method will make you \$20 daily starting out and autopilot. It typically requires about 30 minutes in the morning and 1 hour in the evening when cashing out & you can cash out the first day.

It's a method that will make you money without any extra money spent in the process. You will learn how I accomplish this and will be equipped to do so yourself.

\$25 BTC or \$50 BTC for hands-on support with the guide.

The \$50 option includes me setting everything up for you to get everything going, although the guide does tell you everything you need to know.

?

Limited to 10 sales. Bitcoin only. Please pm me for inquiries.

Thank you.

you have no vouches and you want to sell an ebook to make \$300 daily? not trying to be rude but i kinda doubt you'll get sales, although your method does look interesting

Well I have to start from somewhere. Maybe I could use some help to market this properly. It's something I've done for a while but just don't want to do anymore but thought I could still profit from teaching others on how to do it.

I'm well seasoned on the subject, probably 8 years and counting of consistent experience.

I won't do vouch copies on this one as it's meant to stay sub-private for my customers.

you should try giving vouch copies to some reviewers or discounted price for the first 5 copies or something

edit: also get a thread design, if you really make \$300 a day you can surely afford one

You should probably offer a vouch copy or two to some reputable members to get your sales going.

If you are interested, PM me

If this is true, and your earnings are true, don't toss a vouch copy out. If you make \$300 then you truly don't need the 20-45 usd you're selling this for, and you could care less if you sell any.

I agree with you both, in the sense of that it isn't a real method. However, this isn't the case. I've already stated that it's something I've done for a long time now and would like to start teaching other people to do on the side because I'm tired of doing it myself.

Thank you @Efficiency. Have 2 vouch copies sent out so everyone can see what it's about.
