Thoughts on the 3 days suspension from the 1st of August to the 4th? I wonder if different exchange site will follow this policy or not.

VirtualFrost - July 25, 2017, 1:45 am

Coinbase is halting all Bitcoin stuff on August 1st as well.

?now - July 25, 2017, 1:47 am

Will probably just lower the prices further although I believe coinbase is the one that will really kill it

VirtualFrost - July 25, 2017, 1:48 am

I guess this is why prices just suddenly plummeted as well? People are afraid they'll miss out on a profit in that time it's down so they're dumping now?
