Bought my product [The Ultimate Mentoring 1 v 1 Financial Freedom \\$500 Guarantee\(2 PACKAGES LEFT \)](#)

He bought a \$50 package

I send him over 3 hours of tutorial videos(that I created) and some documents to help him get started. I also offer free support, I just ask you look at everything before asking questions as some might be answered in a video. This clown, messages me 1 minute later asking for a full refund because he is a successful entrepreneur and doesn't need my service...

Now he is just threatening to open a deal dispute against me, and has been very unpleasant.

He is trying to play the " you offer money back guarantee" even though it is clearly stated you must try the method. He didnt even watch any of the videos or look at the documents.

I would love it, if someone could make a meme out of this guy.

Not really "mentoring" when you give him a pdf and 3-hour videos.

Imao If I'm getting it right you are blaming him because he didn't tell you what the method was before selling it to you? if so you are an idiot.

Inopia - July 25, 2017, 7:56 am

If I were you I would just refund him, start a community alert and move on. No need to waste any time.

Why did you not consider this scenario before starting the sales thread though?

It is mentoring. It is me explaining business tactics and strategies that you will use, along with the steps you need to take to actually make money. I do this, so I can sell it cheaper. If I have to skype live, I would charge a hell of a lot more. Also, I offer skype support so that is where the real 1v1 help will occur.

Im going to close this, as I think there is enough information. If I need to reopen it I will. I just wanna cut down on the HF typical shitposting. " Looks legit, hope you get your money back "

I clearly state the information, no refunds will be given if it is not tried. Very simple

I explain the method in the thread, he didnt read it. He saw " money guaranteed" and got a boner because he thought he could get a refund right after purchase and exploit the system

Mentor: advise or train (someone, especially a younger colleague).

giving videos is training someone. also whos to say OP wouldnt have given him help if he actually went through the materials provided first.

It is not a ebook, I gave you VIDEO TUTORIALS. The book, is available for free (I created it) I think it will be a interesting read since it is related to the service.

For anyone questioning you can find it here : <https://hackforums.net/showthread.php?tid=5596606>

I throw it into the mix because I think its a good read. It is not apart of the mentoring or anything.

Dude the PDF file isnt apart of the mentoring, it is a free book I created on my life. How can it be basic information lmao. It relates to the service, but isnt the mentoring part of it

The videos are the important meat of the service in which you should have watched. It is impossible that you watched them as they add up to over 3 hours and you messaged me in 1 minute.

EVERYTHING IS ORIGINAL CONTENT. I CREATED THE 10 PAGE BOOK AND THE VIDEOS.

Closing this now as I have proved my point.

1. You must provide proof you followed my instructions and actually tried to recieve the full refund
(2 weeks after purchase)
2. If you have made the guaranteed amount and try and get a refund a scam report will be opened
3. I can refuse to deal with anyone
4. 1 week = 7 days, 2 weeks = 14days
5. I am able to change the TOS
