You need to have a facebook account, it doesn't matter if it is a fake account, it however needs to be email verified.

Just sign in with Facebook and once you're in the app follow the instructions, you'll get \$5 for signing up with my link and another \$5 for using their extension on Safari

Withdraw to gift cards, or PayPal. I don't know how many gift cards they have but i seen a lot like Amazon, eBay, Starbucks, all that.

Have fun y'all and share your links

Please keep in mind this only works for iOS users as the app is only available to iPhones.

Further instructions, after clicking this it should take you to a page where it shows my FB pic, click log in and continue then log in then it should take you to the app store to download said app. Once downloaded accept the terms and follow the instructions to earn the extra \$5.
