Thread: [Anime fans - Rejoice!](#)

RamenField - July 28, 2017, 1:45 am

Greetings. So, I've "recently" gotten myself into the anime world. Well, I've watched Naruto since little. But that's pretty much about it.

In recent time I've started to watch animes. Can't describe it really, but the immersion, feelings.. Animes blow me away.

I've watched Parasyte: The maxim, Tokyo Ghoul, some Dragon Ball. And then Naruto. Including shipuuden and Boruto.

My question is. Could you guys recommend a great anime? I loved the style and setting of Tokyo ghoul as well as parasyte.

Thanks. ?

One Piece, One of the best stories out there, and it's still going on.

Also very good to binge watch considering how many eps there are

So I've heard. Feels like a thing I should commit to though. ?

Would be fine though.

All great recommendations. Some of my favourites. Also, Mirai Nikki, Steins;Gate, Shingeki no Kyojin, Deadman Wonderland, Mahou Shouju Madoka Magica (don't be fooled by its looks), and Soul Eater are pretty good. I would recommend absolutely every one of these (including what Zexo said: they're equally as great).

PamPam - July 28, 2017, 9:39 am

why don't you watch (attack on Titans) it's (action, horror) anime with high graphic

Zexo - July 28, 2017, 10:57 am

Just reminded me if you want a comedy that will actually make you laugh konosuba is so fucking funny.

Chubaca - July 28, 2017, 12:53 pm

I recommend Code Geass because it's simply my favorite anime and it just amazing in every aspect.

RamenField - July 28, 2017, 1:16 pm

Thanks for the recommendations guys! Now I got more than plenty to look through.

Vro this aint the market place get your ebook click bait ass titles outta here. These types of threads get posted at least 4 times a week. If you actually wanted to be courteous to this section and to the anime fans in it you could have not been a post whore and instead you could have looked at the sticky thread which was made to prevent people like you. Try not to be a jack ass if you actually want to be apart of the community here.

Damn this must've been so hard on you. Didnt even think about the title being click baity. I cant

imagine how you'd react if a real problem actually presented itself to you.

Its funny that you get mad at me for wasting a second of your life but still decide to write a fucking essay about it.

Cheers. Hope you find a bit of joy in your life. Wont ask anything anime related again so dont worry. ?

Your title had nothing to do with the thread and you even threw in "Anime fans" for extra spice. Its funny that you're a blatant post whore who has nothing better to do but sell accounts from leakforums. And if 88 words is an essay to you then you should probably adjust that tampon because you got angry enough to reply to me lmao. Cheers. Hope you get a life. Also in my opinion you should probably switch up the click baity format on most of your threads. Its getting kinda old (? Make Money While Sleeping!!! ~?~ EXTREMELY ~?~ EASY MONEY ?) Wont reply to you again so dont worry. ?

Happeh - July 29, 2017, 5:46 pm

Man Getsuga got no chill.

I like it.
