Discord custom server URLs

Brought to you by Cyber

I will be making your server URLs to #/yourtextthere

Note: I can make these password protected if you'd like.

Requirements:

Your discord server must have more than 25 real members.

I must be able to advertise in your discord or get an upgraded role.

You must be trusted on this site.

If you meet the requirements or have any questions please message me

Voqet - July 29, 2017, 10:16 pm

Is this a free service? Please pm me.

Charm ? - July 29, 2017, 10:21 pm

Got /hub from him.

Great service.

For people's information .io links need to be payed for when less than 4 letters. So this is great.

Vape. - July 29, 2017, 10:23 pm

If this is a free service please pm me!

This is free however I can decline whoever I'd like and those that are more trusted are more likely to not get denied.

Just opened up a discord for our previous graphic group.

To have the letters /gfx would be pretty cool. <https://5RSxamk>

If you could get me 'Ez' I'd be willing to pay, as long as I don't have to fulfill the requirements (Number 1 and 2, that is).
