Thread: [CPA Talk - Discord Group - Cpa Focused - Network Specific Rooms - Newbie Friendly](#)

jordan0159 - July 30, 2017, 11:46 am

From today onwards I will also be personally helping and guiding new members. I will however not be spoonfeeding incompetent people. Take note and shoot me a pm. Continuing off of the thread created by the now banned only profit: <https://hackforums.net/showthread.php?tid=5660178> for context, he was banned for being a multi but the discord group chat is still alive and kicking just as always. Perfect for anyone experienced, anyone that wants to learn cpa or people who just want to chill in the lounge. If this is not allowed, please remove this.

Hey guys, it's Jordan here, AKA Barry Allen in the chat. I've decided that I will be reopening the previous thread in order to recruit new members into the chat who are willing to learn, help or chill with us. Anyone is welcome to join just click the picture below
