My favorite episode is from S10 E7 - TSSSSST

Eric Cartman's mom tries hiring nannies to fix eric's behaviour. But, they go through some troubles till they find the right "nanny".

Great episode that everyone should watch!

What's yours?

Either Go Fund Yourself or Make Love, Not Warcraft.

Both are solid episodes.

Scott Tenorman Must Die is super high on my list as well.

My favorite episode is the one where the Mark Clark people land in South Park. And everything they say is Mark Clark. Mark Clark. For everything.
