Thread: [\[L33T/UB3R\] Infinitum's free design service](#)

Infinitum - July 30, 2017, 5:43 pm

I'll do a thread design tomorrow, but basically this is my service.

I'll try doing anything you want, I don't guarantee on some things that I'll be able to make it, but I'll try my best.

Simple template:

Code What type of design?:

Any ideas on how it should look?:

Any particular color scheme you want?

I'm reminding you that it is a free service and that my knowledge in some themes is very bad.

And my English is not good either. Sorry for that.
