I'm sure you would be, at this time no vouch copies is given.

Honestly mate I'd save the method and abuse it, nevermind making a few quick bucks. If it's genuinely what you say it is, you can make full time income from it rather than making a quick

\$1500.

No problem, let me know if you would give me a vouch copy in the future.

I hope it doesn't involve chargebacking since It requires PayPal.

The main reason i'm selling this is because i doubt this'll get patched anytime soon, i can abuse this myself so why wouldn't i also make some more money by sharing the method.

Will do and no, it doesn't require chargebacking.

What does nothing this method involve?

Also does your RS account need any stats and are you able to provide proof of the money made

PICwarrior381 - August 1, 2017, 4:25 am

Do you need tamper data for this?

This method does involve in-game rule breaking but won't get you banned unless you have super bad luck. Hard to think that way that what does it not involve

You can do this with level 3 fresh accounts, proof above.

Exception has been made, i handed out a vouch copy to Medd. Expect a review soon.

Wompus - August 1, 2017, 5:14 am

Is there any other proof that your method actually works, with an open deal dispute it does seem risky to continue

SIM-2005107 - August 1, 2017, 5:47 am

GLWS, trying to sell public methods.

(Aug 1, 2017 05:36 AM)Medd Wrote: [\[CITE\]](#) I received the vouch copy, but with a quick search I found it's public.

Haven't tried it yet but will do once I'm home to see if it's legit.

I received the vouch copy and can confirm it does.

After receiving it, I did a quick google search and found it was public.

I confronted OP but he hasn't responded.
