So I made a deal with this guy to buy his gold. Once I paid he blocked me and not send me again. I hope he gets banned since this is not how to deal with people.

I also tried calling PP and I lost the money... Gonne be less food this month.

Also, thanks to "Danish Donut" who made him confest this all.

Looks like legit report , What is happening these days with upgraded members scamming people?!

SIM-2005107 - August 1, 2017, 4:59 am

Sorry to see you got scammed.

Neal Caffrey - August 1, 2017, 4:59 am

Call your card company and request a chargeback through them.

Ideally anyone who messages you and wants to deal offsite, you should tell them to fuck off ?

I received the vouch copy, but with a quick search I found it's public.
Haven't tried it yet but will do once I'm home to see if it's legit.

Tell your bank you would like to dispute the transaction. PayPal doesn't want to deal with financial institutions so they should just process it if it's a smaller amount.

Sad that this happens to people. Some folks seem to think that stealing from people like this doesn't count because it's online... Guess what. Some people actually work for their money, disgusting

twats.
