Hello Froggy reporting in i will gladly take this off your hands sir

bdawn - August 1, 2017, 8:37 pm

Your decision, mate lol

She seems nice and bright but to give? Thats pretty generous. But once again, she sounds like

someone with potential..

Giving leadership is one thing, another to give ownership.

But in the end, its your \$ and decision. Just hope the right decision is made ^_^

Biggest waste of 5k, but oh well it is your group.

Ranger. - August 2, 2017, 7:25 am

What's the funniest thing about this thread, the thread itself or the fact that so many people got mad? I have never witnessed grown men get so triggered at a troll thread.

In all seriousness, do people seriously debate over this?

Knowing how much Formula likes money and value, this won't ever happen.

People vote yes for entertainment purposes, they don't seriously think this will happen.. Right?

Accurate as fuck lol. Formula1 sir, why are you not responding to Divine's suggestion of giving her your ebook for free, you advertise it 6k a month so in a month she could get her own and you could keep yours.

Is there something you're not telling us about your ebook, sir? Maybe that it doesnt.. work, sir?

It's okay my brother, you do not want to be in that group anyways. She will see your wealth and suck you dry even though her fiance is the CEO of Origin. Her love for money will never end. I have tried to contact third parties to get advice on what to do, but there is no such cure for this disease.
