Thread: [Semi Kiks](#)

HighTier - August 3, 2017, 12:36 pm

I am giving out three semi-og Kik usernames. These are real words. If you are L33T/UB3R, you can post below to get them. You can pick which one you want. First come is first served.

Liaises
Liaised
Liaising

I'd like to get Liased, Thanks.

I sent you the login information via PM. ?

I'm not interested in receiving a kik. I've already received my gift from you, and that gift was knowledge. As I've never seen or heard of these words ever being used until today. "I will continue to liaise with other members here to pass on this great knowledge!"

Have a great day man ?

Could I have 'Liasing' please?

Thanks in advance.
