Mr. Robot has so much drama with everyone in this community lol. Always defensive about something.

Mr. Robot (3542)

Negative (-3): I think this user tried to finesse me into doing free sites.

Free sites? I never dealt with you to begin with lol. He put me on ignore as well. So immature.

Can I report him for abusing rep?

Put him on Ignore and move on along.

Site rules say its valid. Do not argue with the site rules.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.
