Thread: [~~~~~> SUPREME DOXING v3.5 | BEST DOXING GUIDE | 28+ FULL PAGES <~~~~~](#)

zeroday - August 5, 2017, 10:26 am

This is no longer needed.

sm?ked - August 5, 2017, 10:36 am

I can confirm my previous vouch, amazing ebook

Description - August 5, 2017, 10:37 am

Let me know if you need a review from an old doxer

youe123 - August 5, 2017, 10:49 am

Okay, so I was given a copy exclusively to review.

This E-Book is VERY, VERY helpful. I've read numerous doxing ebooks that cover the same principles, but don't go in detail enough that you know what you're doing. You could start a doxing service with this, and be VERY successful. This ebook shows you how to get info off of the MOST basic things, like steam accounts, IPs, skypes, basically everything. It also teaches how you can get information from the victim by social engineering. I'm currently in the midst of doxing my friend and this ebook has provided more than helpful tips and tricks

I can vouch for this 9/10 simply for the fact that some of these people already knew but most of them are fresh af

ida - August 5, 2017, 10:57 am

Someone told me that this was the doxing guide CNN used to dox the memer on Twitter. Good luck with sales.

SIM-3464261 - August 5, 2017, 11:17 am

This eBook covers everything you need to know about doxing. One of the best eBooks on HF to be frank.

Sickness - August 5, 2017, 11:23 am

I can confirm that my vouch is real. The one that is on the OP.

Trappy - August 5, 2017, 11:26 am

Huge fucking vouch for this. I was given a free copy and within 15 minutes, utilizing the methods in this guide, I found my ex's passwords, and the dean of students at my schools personal email. Thank you so much!

Lukas - August 5, 2017, 11:41 am

Supreme Doxing Review

Before I give my brief, but fully honest review, I'd like to thank [Capital](#) for giving me a copy of Supreme Doxing to review.

Pricing: For \$10 you are getting an absolute bargain and even if it was priced around \$20, it would still be fair. For this price range, you are being given a surplus of information; much more than one

would expect. Endless hours have been dedicated towards the creation of this eBook and for the price of it, be grateful.

Material: The methods used in this eBook are not what you'd expect. Most sellers do not go in-depth when providing their 'form' of obtaining information, but Capital.'s does. The images included within the .pdf administer a clear and reassuring outcome, one only He offers. The surplus of information produced is very drawn-out and unequivocal compared to other's of the same nature.

--

Very surprised and impressed with what's been done.

GLWS.

?C???I?x??? - August 5, 2017, 11:45 am

Vouch for this eBook I am the writer, I can assure you full quality and nothing less.

Im High - August 5, 2017, 11:48 am

Just got a copy of this e-book from Capital and I can honestly say that this book has everything you could possibly need to find what you're looking for one someone. If you can't find it with the resources that are inside this e-book, it probably isn't out there. HQ and huge vouch for Capital.

SIM-3092442 - August 5, 2017, 2:53 pm

Review:

Method:

I read through this method and I have to say that there was obviously a lot of time and effort put into it. It has 28 whole pages of content and the methods show you step by step so anyone can learn with this. There are a bunch of methods in this ebook from simple methods to more complex methods.

Pricing:

The ebook is really cheap for all these methods and the info provided. \$10 is amazing for the amount of time and effort put into this.

Final Statements:

This is a great ebook and I recommend you to buy it. Thank you OP for the vouch copy.

gambit~ - August 5, 2017, 3:33 pm

Big vouch for Capital. - I've done many deals with him in the past and he's always been a trustworthy and reliable seller.

Mr.DoomHead - August 5, 2017, 6:07 pm

Doomheads Review

Capital shot me a copy Supreme Doxing v3.4 to read thru and give a review on, and being as I am pretty ignorant when it comes to doxing I figured I would be able to give a pretty objective review on it.

Content and Methods

I was actually pretty surprised at the amount of information that was contained in this book. He offers alot of methods on gaining information on your target as well as different ways to avoid running into dead ends. That was something I worried about, starting to dox and then hitting a road

block. Capital helps you avoid that by almost giving you a road map to follow, if this doesn't work try that, if that doesn't work do this.

Another thing is the amount of links and resources that he provides is astounding. No blindly searching google for something he mentioned, no no no, he provides it for you right there.

My Summary

After reading thru this manual I feel pretty confident that I would be able to utilize it and obtain full doxes if the need ever arose. You can see that he put a good amount of time into writing this and sharing the knowledge that he has learned. I even tried a few of the techniques and was quite surprised at how well they worked and the amount of information that was gleaned from using them. The price he has for this book is more than fair, if not somewhat undervalued. Even if you don't dox people regularly, this is a great book to have at your disposal. I must say, Job well done.

~ Left HF For Good ~ - August 5, 2017, 11:05 pm

Gonna buy this guide, see if it contains any actual private methods as it says it does.

Gonna let all of you know if you should spend your money on this or not.

EDIT ~ REVIEW:

So, as I stated I would purchase this, and I did. This e-book is NOT worth your money.

Everything in here has been saturated, and used for many years now. Not to mention it claims it includes 'private' methods, it doesn't.

Another thing as that under the table of contents it clearly states:

THIS ISN'T EVEN INCLUDED IN THE GUIDE FOR GOD SAKES!

Overall rating: 1/10. - Do not waste your money on this garbage. Completely public information.

To OP, I am not sales trashing you, I am simply leaving my personal review.

Zeke - August 6, 2017, 4:44 am

Vouch for my son Capital. Dunno about the ebook though.

?C???I?x??? - August 6, 2017, 5:34 am

I'm sorry you feel this way. The section you say isn't included is being worked on (it isn't publicly advertised and wasn't meant to be on the contents page - it has now been removed). Please note that this ebook can't and doesn't claim to take self proclaimed experts to the next level. This is for average users and has 28 pages of valuable information for them.

Gem - August 6, 2017, 5:53 am

Please tell me a single thing in here that is private.

I have seen all of this shit for ages.

Edit:

For those who wanna buy:

This book's aimed at completely new targets.

SHAY - August 6, 2017, 5:25 pm

Oh looks really good, i'll probably get this soon.

Joy - August 7, 2017, 7:56 am

I had bought this eBook and was asked by Capital. to post a review on this.

I would state that i am no way affiliated to Capital. and am going to post an unbiased review.

Content: The eBook is very informative. You learn a lot of things from the 28 paged eBook which has images to guide you in every single step. I would suggest any beginner or someone who knows a fair bit to buy this because everything is written in a detailed way. There ate some area tho which could have been improved but you will get the most part of it.

Layout: Everythings arranged pretty well. He goes on in an order and if you need to dox someone from a particular info just jump to the section of the eBook and your good to go. I really liked how he has put everything in order.

Grammar: Have no complain about it. Its legible and pretty easy to understand. English is not my first language and yet the eBook was pretty easy to understand. So i suppose no one should have a problem regarding it.

Overall Verdict: At just \$10 you are getting a hella lot of knowledge from this eBook and anyone who wants to get into doxing should get this. It teaches u both to dox someone and also to help you detractable (or whatevers the term). I would recommend this to anyone.

FryPan - August 7, 2017, 7:56 am

OP, this seems like a great product. Might buy soon!

Excalibur - August 7, 2017, 11:15 am

My Short Review

Originality: 10/10

This is my first doxing eBook, and I must say the methods in it are legit. Haven't seen these before until now.

Newbie-Friendliness: 8.5/10

As I said, this is my first doxing eBook, it was pretty easy to understand and written really well with easy understable words and all links provided are really helpful.

Conclusion and My Rating: 9/10

One of the best doxing eBooks out there, really worth checking out if you are beginner and wanna get into doxing from level 1.

Spoiler ([Click to View](#)) This is my very own honest review after completely reading the eBook.

GET SUPREME DOXING WHILE IT'S ONLY \$9.95

Spoiler ([Click to View](#)) (Aug 5, 2017 10:49 AM)youe123 Wrote: [\[CITE\]](#) Okay, so I was given a copy exclusively to review.

This E-Book is VERY, VERY helpful. I've read numerous doxing ebooks that cover the same principles, but don't go in detail enough that you know what you're doing. You could start a doxing service with this, and be VERY successful. This ebook shows you how to get info off of the MOST basic things, like steam accounts, IPs, skypes, basically everything. It also teaches how you can get information from the victim by social engineering. I'm currently in the midst of doxing my friend and this ebook has provided more than helpful tips and tricks

I can vouch for this 9/10 simply for the fact that some of these people already knew but most of them are fresh af

(Aug 5, 2017 10:57 AM)amid Wrote: [\[CITE\]](#) Someone told me that this was the doxing guide CNN used to dox the memer on Twitter. Good luck with sales.

(Aug 5, 2017 11:17 AM)Tylernol XR Wrote: [\[CITE\]](#) This eBook covers everything you need to know about doxing. One of the best eBooks on HF to be frank.

(Aug 5, 2017 11:26 AM)Trappy Wrote: [\[CITE\]](#) Huge fucking vouch for this. I was given a free copy and within 15 minutes, utilizing the methods in this guide, I found my ex's passwords, and the dean of students at my schools personal email. Thank you so much!

(Aug 5, 2017 11:41 AM)Lukas Wrote: [\[CITE\]](#) Supreme Doxing Review

Before I give my brief, but fully honest review, I'd like to thank [Capital.](#) for giving me a copy of Supreme Doxing to review.

Pricing: For \$10 you are getting an absolute bargain and even if it was priced around \$20, it would still be fair. For this price range, you are being given a surplus of information; much more than one would expect. Endless hours have been dedicated towards the creation of this eBook and for the price of it, be grateful.

Material: The methods used in this eBook are not what you'd expect. Most sellers do not go in-depth when providing their 'form' of obtaining information, but Capital.'s does. The images included within the .pdf administer a clear and reassuring outcome, one only He offers. The surplus of information produced is very drawn-out and unequivocal compared to other's of the same nature.

--

Very surprised and impressed with what's been done.

GLWS.

(Aug 5, 2017 11:48 AM)Im High Wrote: [\[CITE\]](#) Just got a copy of this e-book from Capital and I can honestly say that this book has everything you could possibly need to find what you're looking for one someone. If you can't find it with the resources that are inside this e-book, it probably isn't out there. HQ and huge vouch for Capital.

(Aug 5, 2017 02:53 PM)#Cake Wrote: [\[CITE\]](#) Review:

Method:

I read through this method and I have to say that there was obviously a lot of time and effort put into it. It has 28 whole pages of content and the methods show you step by step so anyone can learn with this. There are a bunch of methods in this ebook from simple methods to more complex methods.

Pricing:

The ebook is really cheap for all these methods and the info provided. \$10 is amazing for the amount of time and effort put into this.

Final Statements:

This is a great ebook and I recommend you to buy it. Thank you OP for the vouch copy.

(Aug 5, 2017 03:33 PM)gambit~ Wrote: [\[CITE\]](#) Big vouch for Capital. - I've done many deals with him in the past and he's always been a trustworthy and reliable seller.

(Aug 5, 2017 06:07 PM)Mr.DoomHead Wrote: [\[CITE\]](#) Doomheads Review

Capital shot me a copy Supreme Doxing v3.4 to read thru and give a review on, and being as I am pretty ignorant when it comes to doxing I figured I would be able to give a pretty objective review on it.

Content and Methods

I was actually pretty surprised at the amount of information that was contained in this book. He offers alot of methods on gaining information on your target as well as different ways to avoid running into dead ends. That was something I worried about, starting to dox and then hitting a road block. Capital helps you avoid that by almost giving you a road map to follow, if this doesnt work try that, if that doesnt work do this.

Another thing is the amount of links and resources that he provides is astounding. No blindly searching google for something he mentioned, no no no, he provides it for you right there.

My Summery

After reading thru this manual I feel pretty confident that I would be able utilize it and obtain full doxes if the need ever arose. You can see that he put a good amount of time into writing this and sharing the knowledge that he has learned. I even tried a few of the techniques and was quite surprised at how well they worked and the amount of information that was gleaned from using them. The price he has for this book is more than fair, if not somewhat undervalued. Even if you dont dox people regularly, this is a great book to have at your disposal. I must say, Job well done.

(Aug 6, 2017 04:44 AM)ru?h Wrote: [\[CITE\]](#) Vouch for my son Capital. Dunno about the ebook though.

(Aug 6, 2017 05:53 AM)Epilepsy Wrote: [\[CITE\]](#) Vouch for Capital and this product. Learn to easily

dox with this.

(Aug 6, 2017 07:00 AM)Lethal L0gic Wrote: [\[CITE\]](#) I would like to leave a semi-detailed review on this eBook. I've read the whole ebook multiple times and I can say that it's very detailed and well explained. If the words throw you off which it shouldn't there's pictures and steps on how to do everything he's saying in the Ebook. It's 28 pages full of knowledge.

(Aug 7, 2017 07:56 AM)Jopy Wrote: [\[CITE\]](#) I had bought this eBook and was asked by Capital. to post a review on this.

I would state that i am no way affiliated to Capital. and am going to post an unbiased review.

Content: The eBook is very informative. You learn a lot of things from the 28 paged eBook which has images to guide you in every single step. I would suggest any beginner or someone who knows a fair bit to buy this because everything is written in a detailed way. There ate some area tho which could have been improved but you will get the most part of it.

Layout: Everythings arranged pretty well. He goes on in an order and if you need to dox someone from a particular info just jump to the section of the eBook and your good to go. I really liked how he has put everything in order.

Grammar: Have no complain about it. Its legible and pretty easy to understand. English is not my first language and yet the eBook was pretty easy to understand. So i suppose no one should have a problem regarding it.

Overall Verdict: At just \$10 you are getting a hell a lot of knowledge from this eBook and anyone who wants to get into doxing should get this. It teaches u both to dox someone and also to help you detraceable (or whatever the term). I would recommend this to anyone.

(Aug 7, 2017 02:30 PM)GuardianAngel Wrote: [\[CITE\]](#) Wow huge VOUCH!, I received a copy of this e-book, and I swear to god there is so much information! ,

it's covering all the things you need to know how to dox and more! this e-book is very detailed I can ensure that anyone who buys this e-book will become 10 times better in doxing from this e-book.

I think I accidentally bought a copy using the link on your old 3.2 thread, do you use a different paypal account now? I'll chargeback the previous payment and purchase using the link on this thread.

Edit: I dont see an option to purchase with paypal on this link: <https://rocketr.net/buy/dc31e5c99956>
. Do you only accept BTC / ETH now?

I only accept BTC/ETH through rocketr. I'm assuming you paid using the previous owner's links. If so, there's nothing I can do.

King Jack - September 20, 2017, 3:22 am

Sigh, lost the paypal dispute as well because I forgot to escalate it before the 18th... Whatever, only \$10 right?

That has nothing to do with this. You paid that money to the old owner.

Namoor3 - October 26, 2017, 5:54 pm

Still selling? I'd be interested if so. How many buyers if you dont mind sharing the number?
