Timing is up to you, this can be done very quickly.

Effort, almost none. It is extremely easy to setup.

Woods - August 5, 2017, 3:45 pm

Personally know Anguish, and he has been bragging about this thing lately sounds like something I'll be getting into soon.

EPLS - August 5, 2017, 3:45 pm

How much investment does it require?

If I invested \$100, how much do you expect of a return?

If you invested a \$100 you could easily make around \$1,000 with this method in just a few hours.
