Thread: [THE NUMBER #1 SHOPIFY SERVICE ON HACKFORUMS || SERVICE STARTED 1 YEAR AGO = DISCOUNT](#)

Mizzy - August 8, 2017, 3:33 pm

80\$ USD RIGHT NOW !!

T.O.S

1. We don't guarantee sales.

1.1 Sales are based on your store

2. We offer to do changes on your store only 24 hours when you receive.

3. We do not offer refund

4. The minimum price is 100\$, but if the store needs more products and more time price will go up.

FAQ

1. What theme will the store use?

- The store will use a theme that is not on the shopify free themes.

2. What niche will the store be using?

- The niche is yours or if you want our help picking a niche we can do that.

3. What about ads?

- Our service is just to set up your store, we will not help with ads.

4. How many stores have you made?

- A lot , I have made 5 stores for users here on hackforums

5. Whats the price? 129\$+?

- I take 129\$ to set up a store, but if you want the store to have more than 90 products and to be made on an expert level then you will need to pay more.

6. 90% Automatically, what does that mean?

- The store will have oberlo , so you will need to do 2 clicks to order a product from a customer (if your store is drop shipping)

I would rate 9/10 to his service.

He just made a Shopify store exactly as I asked and he is super calm and did his job nicely.
Charged me 139USD (39USD for another Premium Theme)
He took 6 days to finish (could have finished it sooner but it's okay)

I would recommend his service. ?

One can make shopify store himself, its not that hard. However, its all about fb ads, which one should learn first.

I understand why he wouldn't because he sells the store to people and I doubt the person he sold the shop to to have his niche widely known.
