FryPan - August 8, 2017, 5:28 pm

Am I the only one who does this...?

H4K453 - August 8, 2017, 5:31 pm

you don't have toilet to do that?

FryPan - August 8, 2017, 5:31 pm

yes but its so much easier in the sink because it's at the same height as your dick and you can run the water and wash the excess piss with the sink and you get no splashes

Haywood Jablowme - August 8, 2017, 5:32 pm

I think you are OP lol with the exception of drunk girls when the bathroom is full

now I have heard about everything

AliveAgain - August 8, 2017, 5:33 pm

LOL, other people gotta use the sink too. And I'd rather not risk the sink to end up smelling like piss. But man.. stick to the gadam toilet.

Kaleb™ - August 8, 2017, 5:33 pm

You are one strange creature...

Millimeter Peter - August 8, 2017, 5:33 pm

Holy fuck it's nice to know there is someone else that does this!

I do it because I don't need to aim and it's at the same height as my hips; then proceed to clean the piss with the sink water.

Social Engineer - August 8, 2017, 5:33 pm

What the fuck. Mate you are weird.

GrandpaSherman - August 8, 2017, 5:34 pm

Yeah I've done it now and then, and I'd give it no thought to do it.

Brownie - August 8, 2017, 5:34 pm

And do you wanna leave the stain and smell in the sink?lol

Even if you clean it, the time taken to do that. Worth it everytime?

Fuck yes lmao!

Smiled whilst reading this. Hopefully, our sinks don't deteriorate with piss, although from reading on other forums this is highly unlikely.

Isn't there way more splashback since you're not peeing into water though?

I feel like I would just get piss everywhere

_wind - August 8, 2017, 5:35 pm

i guess you learn something new everyday

VmX5 - August 8, 2017, 5:36 pm

Personally I don't, I pee in an empty bottle and throw the bottle out.

Nah coz it falls super smoothly into the sink and just goes down straight away.

Fellow sink pissers reunite!

As well when I get pee shrivels, I tremble and I don't splash it into the toilet.

Doing this has many pros, it's silent, easy, and clean.

If you fear someone is listening to you piss in the sink just simply turn the sink on simultaneously as you piss so people don't suspect anything. ?

NA Riven - August 8, 2017, 5:38 pm

No lol why tf would you take a piss in your sink 0,0

GrandpaSherman - August 8, 2017, 5:39 pm

No. I am NOT a "sink pisser" I just have the ability to and I don't find anything too wrong with it. All the water flows to the same places

It's rude because other people use the sink for purposes other than urinating, like washing their

face after filling the bowl with water, etc. If you're not cleaning it with soap + water that's nasty.

OMG! You're literally my soulmate bro.

I always turn the tap on because im scared people will hear me piss / be confused as to why they haven't heard me piss in a long time XD

Do u pee on the dishes too?

GetW - August 8, 2017, 5:40 pm

I think this is too much for me...

Riggs - August 8, 2017, 5:41 pm

Always.

Also don't bother with stairs and prefer to just jump head-first off the balcony.

Crya - August 8, 2017, 5:41 pm

I have a buddy in University that has shared bathrooms, when he is lazy he just pee in the sink in his room.

funtela - August 8, 2017, 5:41 pm

GoddessTaliyah - August 8, 2017, 5:48 pm

Man I love HF... But I won't lie, I was curious one day and i did it. But i didn't want anyone to find out so i had to get on top of the counter and position myself so it would go directly into the drain.

That's why you don't piss in the kitchen sinks, #ShortBathroomSinkFTW

ZuGgY - August 8, 2017, 5:50 pm

Your counters are different heights?

And you're not tall enough to use either?

If no, how tall are your counters? How tall are you?

Closed User - August 8, 2017, 5:52 pm

Pee in the sink is jail kind of stuff but yes I do it at mcdonalds for instance(not gonna stand close to their toilet) and obviously i make sure its 'clean' afterwards.

I'm 5'9 and the kitchen sink is too high for me to piss on.

I can comfortably piss in my bathroom's sink because it's at my dick level.

Charaoh - August 8, 2017, 5:54 pm

I do it too. When i'm in the kitchen and I dont feel like going all the way to the bathroom I whip it out, stand on my toes to control the flow and let it go down the drain. Sometimes I watch my girlfriend incase she doesn't catch me, so I cover my crotch with my forearm just incase. Drop some bleach in the sink and we good lol

GrandpaSherman - August 8, 2017, 5:55 pm

Damn unlucky. I've yet to find a sink I couldn't piss in. :(

To the other dude that said he throws bleach in after... if you're spending the time to get the bleach out, you have the time to walk to the bathroom and hit the flush on the toilet.

t4lii - August 8, 2017, 5:57 pm

I wouldn't do this because I respect myself and those around me enough to not pee where they put their hands.

Deany - August 8, 2017, 5:58 pm

Fair enough I guess. I can fill up 2 bottles a piss so that's no option

Rolex Gold - August 8, 2017, 10:58 pm

I used to do this all the time when I lived in my frat house.

B?ue - August 8, 2017, 11:02 pm

Pretty much everyone I know did it when I was away for training. Dozens of people crammed into one block of rooms with a shared toilet, fuck going on that pilgrimage in the middle of the night when you need a piss just go in the sink in your room and wash it down.

Avoyel - August 9, 2017, 2:35 am

I've done it a few times. Not sure why I did it because there's a toilet right next to the sink.

I Am Kira - August 9, 2017, 2:40 am

Fuck that I pee in a bottle lol gotta keep my runescape efficiency up!

SuperiorUser - August 9, 2017, 2:43 am

i felt weird peeing in the bathtub and you are over here asking if its normal to pee in the sink?

Mille - August 9, 2017, 2:47 am

I used to years and years ago, lol. I'd go to take a shower, I'd need to go toilet and I'd always think fuck walking all the way to the toilet, which was in a separate bathroom, so I'd rest me boulders on the sink brim and ejaculate my warm steamy piss all down the black hole. Good times, good times...

Punisher - August 9, 2017, 4:10 am

Have you ever gone into a public bathroom and just let loose on everything?

Like, piss all over the walls, the door handle, paper towel dispenser, etc?

Pretty satisfying, especially if it's a shitty business with shitty employees

Gaver - August 9, 2017, 5:40 am

What the actual fuck bro, get a life lmao.. why would you piss in the sink for?

?Arrow-? - August 9, 2017, 5:41 am

I don't care what excuses you have to excuse yourself. If any of you do this off yourself because you are actually fucked in the head. Toilets are made for a reason. It isn't decoration.

Baby Groot - August 9, 2017, 5:42 am

I peed in the shower, I'm sure I am not the only one who did this.

Vitani's Mate - August 9, 2017, 5:59 am
