Thread: [Screenshot/Scene Guessing Game](#)

Disparity - August 10, 2017, 7:44 am

I saw [DerMensch's thread](#) and thought I would swoop in and steal his idea (though change it up a bit of course because I'm bad with quotes.)

Here's how it works: Post any screenshot from an anime, though make it something original or distinct to a series. They can be a bit ambiguous, but impossible isn't fun.

Hints are fine, but keep them subtle and give people some time to solve them.

Solve those which are posted before posting your own. It's fine if there are a few that are unsolved at a given time, but let's keep it below 3.

Remember to use spoilers on pictures!

I'll go first:

Not quite. It's a bit more popular here on HF than mushishi which is why I chose it.
