Thread: [I never was a L33t member...](#)

Condoms - August 11, 2017, 8:37 pm

When i joined HF.. You could be Ub3r without being L33t in the first place.

Anyone remember those days?

Neal Caffrey - August 11, 2017, 8:38 pm

Yes, I also went from normal to Ub3r xd

Trappy - August 11, 2017, 8:39 pm

In 2016, this was not an option sadly.

I think they got rid of it after 2013, either that or it was just slowly phased out.

AcademyAwardz - August 11, 2017, 8:40 pm

Haha, that's cool. Learn something new everyday!

Zens - August 11, 2017, 8:42 pm

I'm glad you have to be approved now. The good ole days of Hf it's grown so much over the years

You always had to be approved, it was simply a matter of being held to a higher standard.

This.

It was a good way to just make sure people won't just leech stuff. It was a kind of a trust layer.

Those private sections... awww yeah. Miss them!

SawCyanic - August 11, 2017, 9:36 pm

I remember that. I almost chose that over buying L33t but I didn't have enough money at the time.

Those private sections were the epitome of trash and dickriding though LMAO

HighTier - August 11, 2017, 10:09 pm

When I registered, I had to become L33T and meet specific requirements to apply to become Ub3r.

Actuvus - August 11, 2017, 10:10 pm

Yeah heard of the days. Some og's still got uber only on their acc which is sweet!

?ystem - August 11, 2017, 10:11 pm

I certainly do. Good heavens. Everything and a sandwich was looked through with a fine-tooth comb. Not saying the same isn't still applied. Just it was chaotic. People fought, complained and bickered over whom was the better quality member, and more deserving, and just a whole load of various other things.

kiahnna - August 11, 2017, 10:18 pm

What is HF rekt? Is that like epic?

And also was private sections around in 2014? I feel like I remember that but I'm not sure

h-boy - August 11, 2017, 10:40 pm

Good times, Good times. You could buy it through omni's Witza page I think it was. He accepted payment through your debit card, paypal or liberty reserve if I'm remembering it correctly. Think at one point alertpay as well. You dare charge back and it was a lifetime ban haha. Now all he takes are crypto currency's.

Captain Steve Rogers - August 12, 2017, 12:40 am

When I joined, didn't had that option.

Current one is nice.

test - August 12, 2017, 12:43 am

That's weird as hell. Don't think I've seen an Ub3r without L33t before.

I remember the days of paying monthly for upgrades... with PayPal.. fun times!

I just wish I would have spent a little more and got UB3R before it was required to get approved first.

One time back in 2013 Omni reset the perma-deny list, and when I applied I was instantly placed

back on the list :(

It was reset again recently. Seems like you aren't perm denied.

Eagle 95 - August 12, 2017, 1:18 am

Of course I remember. However, first I won l33t then I won ub3r so I was going in order even tho you could jump straight to ub3r. Yes, I won both of my upgrades through contests. ?

Oh wow, I didn't know this. When did this happen?

I just checked, and yes you are correct, it no longer says permanently denied, it simply says Denied. I might be able to apply again, I will definitely cherish this second (third?) chance!

Thank you for pointing this out to me. ?

It depended on the sections. I met few good people there.

Can't really remember which sections existed, but I know there were 1 or 2 good.

Same here. I'm pretty sure it was changed late 2012 as I did see something mentioning it in the past. This way is a lot better though. Keeps the tards out.

Debugger - *August 12, 2017, 7:41 am*

well i'm L33t but sadly can't be Ub3r ever maybe
Congrats anyways,
Good Luck for more

HuntedCS - *August 12, 2017, 10:08 am*

I sadly do not remember these days, I joined about 14-15 days ago if I recall correctly!
