Thread: [Scammed by Arkks \\$83 UID=3063625](#)

Flimzak - August 13, 2017, 6:21 pm

After making a post looking to change 100\$ USD for BTC I was inboxed by an individual named Arkks. After a brief conversation(Have screenshots of entire convo) i ended up sending him 80\$ USD only to be compeltely ignored after

Please note that his discord is in his profile bio on hackforums and that is also how he told me to contact him. I feel as if i definately provided more than the fair amount of proof. I unfortunately am unable to post links tot he screenshots i have uploaded due to the fact i have less than 50 posts. I DO HAVE all the screenshots uploaded to Imgur. Private message me and can give you the link to them!

UPDATE: Unfortunately i cannot reply to personal messages either -.- Add me on discord if you have it Flimzak#9975
