Hey guys

Since I will be reaching my final year, I decided, along with a bunch of other peeps, on a senior prank, while we think of one, I'd like to know some creative ideas that you guys can share until we decide one.

Burning the school would be hilarious, record it too!

Leave a large, glass jar inside the boys toilets hidden somewhere. Tell all of your friends about it and all jizz inside the jar every single day until the end of the school year. By this time you should hopefully have a gooey consistency fluid, kind of like honey, with little to no smegma. After school, on the last day of school, open the lid and hurl the heavy glass jar filled to the brim with spunk onto the Principal's car. The ideal result is that the glass jar, being so heavy, will smash through his window and explode, releasing the months of your friends built up cum all over the interior of his car.

And put the catalist somewhere that will go "down" when water is flushed.

Me and a few other classmates bought 300 crickets and let them loose in the school, it was so loud for a few weeks, it was hilarious.

Mattress in the pool. Steal a golf cart that security rides around in drive it into the pool.

Fireworks in the toilet. M80 in the principals exhaust pipe. Put up a Nazi flag.

Nazi flag, but where?

The cum jar one is kinda hilarious,
And 300 crickets is also a good idea.

Steal any commemoration/graduation idols that exist, wether it be a metal plate on the ground(with college/uni name etc) or a statue at a prominent area, steal it for your trap house, and repalce it with a trump statue or pepe.

Send a Nigerian dwarf goat to the Principal or the school or u could just steal an animal from a farm. Heres the link : <http://www.livestock-forsale.com/posts/1113-Nigerian-dwarf-goat.asp> or you could just go savage and before the school closes for the night (when the janitors lock the doors) and let the Nigerian dwarf goat loose in the school for the nite.

Another idea is get a bunch of kids to buy <https://www.amazon.com/ThinkGeek-Annoy-a-tron-2-0/dp/B002YE3YDU> and strategically place them hidden around the school or in the Principal's office.

Classic prank is to just tie a ton of yarn to everything.

Make a bring your dog to school day with everyone that has a dog

Do a "park like an asshole day" where everyone just parks like shit in the parking lots

Get some quick jacks and move your principals/dean of students car inside the building.

Fill a ton of paper cups with water and line the hallways with them wall to wall.

Access the PA system and do something inappropriate with it.

Etc.

I could go all day.
