Thread: [Altpocket Discord Bot - Simple and useful bot for Discord](#)

Exzib - August 15, 2017, 9:21 am

We have planned to do something like this for quite some time, today I took a break from everything and made this. At this stage it is very simple and will be developed upon when needed and requested.

To use the bot on your server you will need to generate an Discord Key on our website, this takes less than second and then you are good to go.

If your server has over 300 users you will receive the cooperator badge.

Invite To Your Server

Remember that you need to get an Discord Key from our website.
