The wait wasn't his fault. Amazon was taking their sweet old time sending the gift card through to him. So I cancelled the original order and started a new one but same thing. Prob won't go through till tomorrow when my bank is open to verify the CC payment.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
