Thread: [Unable to reset my account password](#)

OxaByte - August 17, 2017, 11:18 am

Hello,

I have forgotten my HF account password and when i try to Reset it to my registered email. Its giving me error

Quote:Sorry, that email is currently blocked either because it bounced, it's invalid, or you unsubscribed from our email service. You will not be able to get emails from our service until this is resolved.

Your best option is to SUBSCRIBE again. Please note, we do not send out any marketing emails or share your email.

I tried to subscribe but its says that email is already subscribed . Please help me to change my password. I cant change it from User CP as its asking for my old password.

What email service do you use? Might help for those who may have used the same provider.
