Thread: [5 Accounts Closed - Aftermath](#)

Fortunate - August 18, 2017, 2:01 am

I exposed a member with many accounts that he used to scam and infect other users, the accounts finally got closed and here's the aftermath.

If anyone want's to check the thread here it is:

[\[Community Alert\] Multi's & Scammers Exposed! - Silentwordexploit.com - Please beware!](#)

He sent me some nice messages and a nice voicemail.

He's also flexing how he has \$12.5k and more accounts in this forum.

I assumed he's Indian from the voicemail but he is most likely from Ukraine.

He also can speak 4 languages. Can you believe that? Maybe he should take those \$12.5k and get some English lessons.

If I remember correctly, I managed to get \$5 from this guy somehow:

I was a little sad at first because I didn't see the normal "fuck your mother" at the start like a typical indian curry muncher would say but I saw it in the end. Nice work :) I wish we could see the voicemail he sent lel.

Haha good work exposing him OP.

Its just sad to see how people associate all scammers as curry eating Indian :/

False King - August 18, 2017, 2:37 am

Honestly, what's up with Indians scamming and when caught making some sexual remarks over *insert female family member here*. Funny read, though.

No need for a group when a single guy can do this with help of other random members.

Props for sorting idiots like that out from here.
