Fun server although there's too much drama going on in it at times, hopefully the new rebranded one will be cool. Good luck.

I know right. It's okay though. All servers start from somewhere, growth is going to be awesome in the future.

The server is really turning into something special, and with such a nice laid back owner things flow smoothly.

Definitely a good server to save on your sidebar for quick fun chats!

Shit server. Don't join. Everyone is great except for one staff member. Hes a fuckin dbag cunt slut motherfuckin whore. His name is Leroy Jethro Gibbs.

Avoid him at all costs.

Also, join the server for awesome conversations with people. Legit, we mostly just bullshit and talk about whatever. Its like actually chatting with your friends minus the "you can't talk about that here" nonsense.
