if u want make some \$\$\$ for ebook must create thread premium sellers or ewhoring section
make it free and what you want trick.
ask any designer for simple thread design its will cost 5-10\$ so cheap
then create thread on premium sellers or ehworing
i'm sure will make 100-500\$ per week at least

Don't expect any nudes tonight, this is a long term method.
Also, do think before you begin to manipulate/lead on random chicks LOL.
Unless you actually like a girl, then there is a decent amount you can take away from this guide.

I feel like, if you can actually pull most of this off and know this chick irl - instead of going for nudes, why not go for the home run and have sex?

Dude the last part of this thing is pretty fucking horrible. You might feel powerful using simple tricks to get girls to do what you want, but this will leave you with an empty feeling in the long run (believe me, I know).
