Thread: [Upgrade to ub3r / ep1c / l33t or gift award! + a big bonus?](#)

Kamiya - August 20, 2017, 8:12 pm

What's up guys? I am making this little contest where I will be upgrading one member or buying them the gift award. And maybe one day much more...

Requirements :

Give me a name for a exchange service, must be an available .com that can be bought for less than \$100 on godaddy.com or wherever. I am looking for something shorter, for example, HuskyyCoin.com Shorter than quickexchangebitcoin.com <> I like words like "easy, quick, best, no problem, coin, service, btc, 2btc, fast, etc" but be creative!

Winner will receive :

An upgrade (must be approved if ub3r) or a gift award

Also, as a bonus when and if I make over \$500,000 (profit) on said website, I will personally write you a check, or send you \$25,000 of BTC as appreciation for choosing the name.

The more I see Husky or Huskyy involved, the more I dislike it. I appreciate the tries. I see a few I am actually considering.

I'd rather ask you to PM me for some good names. I have a few good domain names for you. I was planning to start my own services.

EDIT: I have about 23 good domain names. I'll write them here.
