Thread: [Would anyone be interested in joining a hf clan? PVM/PVP/Minigames](#)

canine - August 21, 2017, 4:43 am

inb4 hfchat

Hfchat is cool no flame but as far as I know there was no events or any attempts to bring anybody together other than keeping a cc for everyone to talk in. I was thinking of opening a cc with discord as its companion for when we do anything group related or someone wants to share a screenshot in cc. Problem is, I'm not sure if anyone would join or if there's even enough people that would participate in any bossing/pvp/minigame events we have. There would be no cost to join or any requirements, but if you don't have a decent enough account you won't be able to participate with boss events or w/e.

Post on this thread if you would be interested in getting into something like this.

I'd definitely be down. I'm always up for bossing Raids/GWD, etc.

You know my stats too, closing in on maxed so I'm hoping I'd be eligible haha :)

Walter Sherman - August 21, 2017, 7:04 am

I wouldn't mind joining one.

ForBobo - August 21, 2017, 8:04 am

I'd join only if there's good memes

jakeyb00 - August 21, 2017, 4:39 pm

I'm down, where the pures at?

canine - August 21, 2017, 9:06 pm

Cool beans. If more people decide to post I'll probably make the cc and discord public fpr a while to snatch some people before making it private. You can just ask to be invited at that point but I'd rather have some type of control over who joins the discord to avoid being sniped for whatever reason on any activity lol. If we go pking or something u feel question mark

Swip3r - August 21, 2017, 9:09 pm

This happens all the time but hell yeah I'm down, make a CC for now.

A discord if you actually get a good amount of people.

Yeah, I've been around for tons of hf clans lolol they always end up dying fairly quick. But oh well, they're usually fun while they last and I'm bored. I'll make the cc real quick.

That would be fun, still grinding so won't be able to do much bossing and pvm'ing but it would be fun to hang out with HF members.

I wouldn't trust anyone from HF to split loots as gold is money to them. I don't see this going well but I may be wrong. Good luck!

Fair enough, but I'm willing to risk the loss lol. Speaking of people acting up, I should probably either post another thread at some point listing the rules. Feels kind of cheesy since most of them are obvious--no hitting off other members, stealing loot, being a disrespectful cunt in general--but might as well.

There's RSJustice which will ruin their account.

^ I completely agree with this.

However, I was looking for something like this for quite some time now (referring to the clan). I've always wanted to PvM, boss and raid but I don't do those things alone because I get so bored so fast, I've been searching for a team for a while to do fun things with on the game so that I feel more

inclined to hop on and play. I'm maxed too, and have 98 slayer so I can pretty much do what I want, but I just don't know what to do anymore. Either way, I'm down to get involved with this.
