Thread: [Can anyone help me translate this quick text in the pic from Arabic to English?](#)

Hai there. I'm dying to know what it says in this picture and I tried some things online but nothing helped me and I don't know where else to ask.

This is the pic:

It's just 2 sentences. It is of the utmost importance that I know what it says there. It could potentially mean the end of a beautiful relationship for me.

If there's anyone here that could help me out I'd be grateful. Thanks! ?
