Thread: [Timelapse and Photos](#)

DexaPoli - August 21, 2017, 5:10 pm

Hello, to everyone just uploaded test timelapse of my summer trip. Would like to hear for some feedback and suggestions? Soon ill finish my first travel video also.

<https://youtu.be/P7E0IOV1QwY> (I still cant make it best possible quality on YT, if anyone can help with this i would appreciate)

And here are mine photos which i value as good enough to be on 500px.com

Anyone can help with the quality on Youtube?

Here is original file <https://we.tl/sqFg0ibR0x> and qulity is how it should be here, but yt is degrading it.

Did 15k bitrate like it should be for FullHD 60fps all other settings like they ask, which i could do in Premiere.
