Thread: [\[FREE\] IRC and qBot setups and scanning](#)

DaddyPvP - August 21, 2017, 5:19 pm

Hello HF community. I'll be doing free irc and qbot botnet setups. I'll also load a max of 150 bots to the net. You must have your own servers for this.

I will be using my files unless you have other files you would like me to setup the net with

You can reach me on skype or discord

someone who has PvP in their name doesn't know what they are doing in the first place, what makes you think OP is capable of doing that?
